With regards to the south African.

It is illegal in South Africa to fight on behalf of another country. [here's some info from the state security agency.](#)

These combatants may have their citizenship to sa revoked and face jail on their return.

They're mad they couldn't genocide native americans anymore so they're going to Palestine to genocide other natives.

Oh but they still try, just ask Mexico and Guatemala how Israel trained them to fight indigenous uprisings. And because Israel has shown its intentions and disdain towards indigenous people, I really hope every last one of them that deserve it suffer terribly before they get turned over to the maggots and vultures.

Like the Maya genocide which killed 200,000 mostly unarmed civilians but they're only good at targeting civilians.

Sad. This speaks to the reach of Zionist propaganda in the Jewish diaspora.

It's stupid video encoding that reddit does. Voice faster than picture

Clearly AI, not that American lone soldiers don't exist, but this is visibly fake..

And the fourth has a fake name, Shekeraz is not an israeli/Hebrew name

OP, source?
